This Journal is normally issued in three numbers per volume per year constituting one volume. Volumes 1–18 have been published on an irregular schedule, but with Volume 19 a regular schedule has been followed. Beginning with Volume 21, the issues are appearing on 15 January, 15 May, and 15 September. All income derived from subscriptions is used solely to increase the volume and improve the quality of the Journal for the benefit of its readers. All communications should be addressed to the Editor.
